National Lockdown – Gate Closure

Notice to all residents of Mount Grace

It has come to the attention of the Trustees of Mount Grace that some residents have been opening the main gate for potential visitors and/or business purposes, and as a result the Trustees will have to take action to safeguard all residents.

For the duration of the National Lockdown, all remotes for Mount Grace have been deactivated. Residents will still be able to exit the complex, and will be asked to sign in upon re-entry regardless whether they are a resident or not.

The security will not stop anyone exiting or entering the complex, but will enforce this action from the Trustees. This purpose of this action is not only to enforce the lockdown and safeguard the residents, but also that Trustees can ensure that the complex will be able to assist any tracing requests in the event of a positive case within the complex.

Please remember to keep an eye on the Mount Grace website for any further information. (www.mount-grace.co.za)

We hope everyone remains healthy and safe during this time, and we thank you for your cooperation.
