National Lockdown – Level 3

Notice to all residents of Mount Grace

President Cyril Ramaphosa announced that as of 1 June 2020, the country will be moving to Level 3 in the risk-adjusted approach in the combat of the COVID-19 pandemic.

Following this, the Board of Trustees of the Mount Grace Body Corporate would like to inform residents of Mount Grace of the following:

Mount Grace Gates

- The Residents gate will be opened and remote access will be restored. As a result, detail capturing will cease for the entrance of residents.
- The Visitors and Walk-in gates will also be operational; however, the screening measures will be implemented here. If there is more than 1 person in a vehicle entering in the Visitors gate, only the driver's detail and screening will be captured.
- A reminder that any workers who enter the complex via the walk-in gate will be screened, and if deemed a health risk, will be denied entry to the complex and the resident will be contact to make further arrangements for their staff.

Gardening Service

The full Gardening Services will resume as of 1 June 2020. Please bear in mind that the Gardening Services will be cleaning up after 2 months of not working, so they will take a bit longer to get to every unit in the complex.

Please remember that although we reside in a complex, the rules of the National Lockdown level 3 still are in effect within the complex.

If there are any further queries, please do not hesitate to contact the office of the Management Agent via email or via the contact form on the Mount Grace website.

We hope everyone remains healthy and safe during this time, and we thank you for your cooperation.
