Regspersoon **MOUNT GRACE** Body Corporate

13 July 2020

National Lockdown – Level 3 – Notice 2

Notice to all residents of Mount Grace

As the COVID-19 Lockdown regulations are still in effect at level 3, President Cyril Ramaphosa addressed the nation on 12 July 2020.

Following this, the Board of Trustees of the Mount Grace Body Corporate would like to inform residents of Mount Grace of the following:

Mount Grace Gates

- Walk-in Gate – Access will remain as it is currently, whereby each individual will be screened. If the person is deemed a health risk, will be denied entry to the complex and the resident will be contacted to make further arrangements for their staff. Please remind all persons entering to wear a cloth face-mask / homemade item / another appropriate item that covers the nose and mouth, or entry will be prohibited.
- Visitors Gate – As visitation of any kind have been prohibited, the Visitors Gate will be closed. People who need to enter the complex will need to do so using the main gate. If the person/s entering cannot open the gate for themselves, the guards will do so, but will also capture details of the person/s entering the complex.
- Residence Gate – This gate will remain open, and will be used as normal. However, as visitors will also be using this gate, we ask all residents to have patience as the guards have been instructed to capture details of people entering the complex who are not residents.
- Curfew – Please note that entry into Mount Grace will not be blocked during 21:00-04:00 daily, however it is discouraged. If entry is required, please ensure that the relevant person/s have the required completed Form 2 of Annexure A available, or that they indicate it is a result of a security or medical emergency.

We hope everyone remains healthy and safe during this time, and we thank you for your cooperation.
