National Lockdown – Rubbish Bin Removal – Notice 2

Notice to all residents of Mount Grace

The Board of Trustees of Mount Grace have been informed that our gardening service, Grow Group, have been granted permission to deliver certain services during the extended lockout period as a result of the new regulations announced on 16 April 2020.

As a result, workers from Grow Group will enter the complex on Monday's to collect and move all rubbish bin contents to the designated area, and leave the complex. They will then return on Tuesday's to bring all the dustbins from the designated area to the units.

This is the only service which they have permission to provide during the lockdown, thus they will not be able to provide any gardening service.

The manager of the Grow Group has ensured the Board of Trustees that all necessary precautions will be taken to ensure the health safety of the residents of Mount Grace.

As a recap, please ensure that all contents are in the municipal rubbish bins by 08:30 on Monday's to be removed.

We hope everyone remains healthy and safe during this time, and we thank you for your cooperation.
